Thanks Monica. Tuesday at 3 PM should work for us.
We don't have any information to share prior to the meeting – we'll discuss then.

Subject: Office of Inspector General - Office of Program Evaluation (Steve Hanna) request for meeting on West Fertilizer disposal

Mr. Hanna – As I stated in my voicemail, Susan Webster asked me to follow up with you about your request to meet with our managers and staff to discuss the issue of disposal associated with the West Fertilizer explosion.

As Susan informed you, several of the staff and managers who were involved in the response to the West Fertilizer are out of the office this week and next week due to field work, meetings, or leave. I have discussed your request with Ragan Broyles, the Associate Director for the Prevention and Response Branch and he has agreed to meet with you on Tuesday, July 30, at 3pm. Unfortunately, that is the only time he and the majority of the staff and managers will be available until August 6. Let me know if Tuesday, July 30, at 3pm will work for you.

If you have a set of questions you are willing to share with us prior to the meeting, please send them to me and I will distribute them to all the appropriate staff and managers.
